Manchester

UNITED KINGDOM

Here is an icon that symbolizes quality, the quality that is never compromised. Here, every craftsman - steadfast, credible and scrupulous, is totally dedicated to deliver the highest quality found in every single cigarette.

*“We don’t just make cigarettes;
we make stories, we create
experiences and we emanate
unique sensations through
every puff”*

MANCHESTER SENSATION

Inspired by Manchester city, Britain’s metropolis and the ever-beating urban spot in London, Manchester cigarette brand took on, since its naissance, the city’s vibe, glam and charm.

Ever since, and for more than two decades, the modern icon that never ceased to offer premium tobacco quality, has been expanding, from the heart of the UAE into the entire globe.

From its innovative packaging, to its carefully crafted designs, varied leaf blends and intense flavorings, Manchester offers the contemporary, dynamic and bold tobacco lovers, a distinctive and enticing smoking experience, labeled with “attitude”.

It comes as no surprise that Manchester is today’s most progressive tobacco brand, widely appreciated by cigarettes aficionados around the world, for it never compromises on quality; rather, it keeps moving forward, defying challenges and innovating, while putting customers’ needs and expectations, always at the centre.

So long as the brand is incessantly innovating, expanding and excelling in the world of tobacco, the stories will ever continue, the experiences will be cherished with every cigarette, and the sensations will be explored.... through every puff.

We invite you to embrace the Manchester sensations!
